Out of Post-Robbery Actions
Each Kit Includes

A Specially Designed Envelope

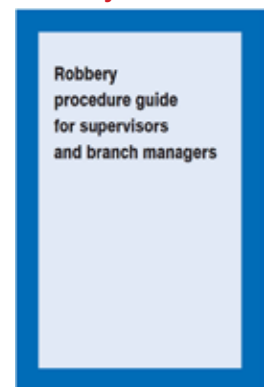

One Pad of Bandit Description Forms

Evidence Bag

Eight Teller Instruction Cards

A Supervisor's Guide for Robbery Procedures

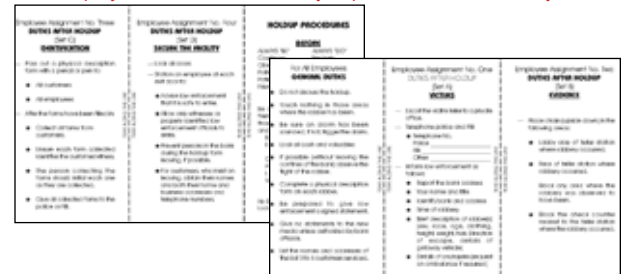

By using this kit your employees can:

- Assemble all vital information quickly;
- Aid police in identifying the robbers;
- Help gather evidence that may be used in court.

Most importantly, employees do not have to memorize the procedures; no long training sessions to put the procedures into effect; and nothing to remember during the emotional period after a robbery. Your employees need only pick up the kit after a robbery and follow the instructions printed on the cards.

Two Robbery Assignment Cards that are perforated so that they are easily separated into six cards containing those specific procedures employees should immediately implement after a robbery.

Also Available:
